#Building for Smarter Tomorrow

is more than an aspiration for us. It inspires us to try harder, think smarter and go the extra mile. As we take small yet steady steps, we are committed to grow sustainably, create value for all our stakeholders, while capitalising on India's vast opportunity landscape.

Forward looking statement

Some information in this report may contain forward-looking statements which include statements regarding the Company's expected financial position and results of operations, business plans and prospects etc. and are generally identified by forward-looking words such as "believe," "plan," "anticipate," "continue," "estimate," "expect," "may," "will" or other similar words. Forward-looking statements are dependent on assumptions or basis underlying such statements. We have chosen these assumptions or basis in good faith, and we believe that they are reasonable in all material respects. However, we caution that actual results, performances or achievements could differ materially from those implied in such forward-looking statements. We undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.

India is geographically, economically and culturally so diverse. Yet, a common thread that unites this diversity is that of 'Being Aspirational'. Aspirations represent possibilities, promises and opportunities.

Every Indian strives to do more, achieve big and grow sustainably. At Unity, we value the big dreams of people and endeavour to build a customer centric, technologically strong bank, that there is a service for every person and every dream. Simply put, we wish to reach out to every business – big or small, every region – urban or rural and moreover every Indian – retail or HNI, and help turn their aspirations into reality by offering a host of credit, savings and investment services.

Driven by a strong governance culture and steered by an experienced management team, we aim at building the preferred bank of the future, for every Indian.

Chairman's Message

Vinod Rai
Chairman

Dear Shareholders,

It is an absolute privilege to be part of a young and dynamic Bank. Unity endeavours to simplify banking by leveraging technology to offer a convenient and superior experience.

Along with my fellow Board members, the Bank's promoter and the Management Team, I thank the Reserve Bank of India and other regulatory authorities for not only giving us an opportunity to build a bank ground up, but also for having faith in our capabilities to bring relief to the stakeholders of the beleaguered Punjab & Maharashtra Co-operative Bank (PMC Bank).

In June 2021, the RBI gave an in-principle approval to the promoter (Centrum) to set up a Bank. Along with Resilient Innovations, the team worked hard to get the bank up and running in record time. A quick turnaround from regulatory approval to operationalisation, paved way for the amalgamation of PMC Bank with Unity, providing stability to its employees and protecting depositor's interest. All of this was made possible amidst the pandemic and two lockdowns!

I am happy to note that the erstwhile PMC staff has integrated well with the Unity family, their pay grades have been restored and benefits harmonized. The top team met with employees pan-India, through physical and virtual town halls to understand grievances and take suggestions to improve productivity. I am equally happy to share that, the Bank has opened fresh accounts for all PMC Bank customers and completed the first tranche of pay-outs as per the scheme of amalgamation. Post receiving liquidity assistance from the DICGC, we credited eligible depositor accounts, within minutes of receiving the same. Depositors remain assured of future payments as per the timelines of the scheme along with an opportunity to bank with a new age, digital Bank. I am happy to note that about 40% of deposits have stayed with Unity, which is an expression of trust in us, by depositors.

Opportunity Ahead

With the augmentation of digital technologies, consumers have become more demanding of virtual experiences with instant gratification. The pandemic has only amplified the need for easily accessible and convenient banking products and services. The introduction of the Aadhar and UPI, post the exponential telecom growth, catalysed the development of alternates for payments, investments, and data based and non discretionary, low-ticket loans. Now, with greater availability of analytics and the proliferation of technology, banks have the ability to provide services to the previously unbanked and underbanked. This brings more people into the formal financial ecosystem and given India's vast geography, the opportunity to grow is large.

“To get our operations off to a strong start, the shareholders have committed capital of over ₹ 3,000 crores through cash and warrants, which are being utilized to build a strong foundation for the bank, hire the right talent and bring best in class technology.”

Additionally, the use of emerging technologies like, AI, Machine learning and blockchain, is expected to play a key role as the 'game changer'. This shall be across all aspects of banking. The development of new products to meet competitive pressures, as well as the gradual transition to the 'Cash Flow' lending mechanism, are projected to promote growth in the banking industry. More robust monitoring and oversight along with overall enhanced efficiency is also expected to contribute towards fuelling growth.

Unity Bank – Taking Small Yet Significant Steps

At Unity, our endeavour is threefold:-

1. To enable wider financial inclusion by ensuring access and ease of banking for All
2. To build robust and new age banking products to service both individuals and institutions
3. Finally, to have a strong corporate governance mechanism and leverage technology to offer a secure and customer centric Banking experience.

To get our operations off to a strong start, the shareholders have committed capital of over ₹ 3,000 crores through cash and warrants, which are being utilized to build a strong foundation for the bank, hire the right talent and bring the best class technology. Centrum's successful and profitable MSME and Micro Finance businesses have merged with the bank, giving it a strong base to scale further. So, we have

made a steady start and are paving the path for sustainable growth ahead.

Financial Performance – FY 2022

As on 31st March, 2022, our total revenue stood at ₹ 154.23 crores, and we reported an operating profit of ₹ 4 crores (before provision and contingency, goodwill write off and fair value charges). Our capital position as measured by CRAR is very strong at 63.71% and the provision coverage ratio is 94.8%. As a conservative measure, we have written off goodwill of ₹ 92.2 crores completely along with a fair value charge of ₹ 45.7 crores. This has resulted in a loss of ₹ 149.61 crores. Being in business for only 5 months of FY2022, along with high start-up costs invested in technology and talent, our numbers may not be precisely reflective of our growth initially. With the roll out of our retail product suite and accelerated marketing and customer outreach, we expect a significant improvement in financial performance over the next few years. Also, we remain well capitalised to support our projected growth over the next few years.

Brand Building

Brand building is a key component of organisational growth. During the year, we spent considerable time finalising a name and brand identity, one that is reflective of our vision and personality is easily understood by all. The name Unity signifies inclusiveness, conveying the message that we are a bank for everyone. The logo is derived from the alphabet 'U'. The horizontal lines inter-woven into the alphabet, resemble a hashtag that symbolizes the convergence of technology and the bringing together of people. A modern and vibrant colour combination of 'New Gold' and 'Deep Slate', signifies the promise of a bright and solid future. We did a soft launch of our brand identity through a creative audio visual on our website and social media pages. Most of our branches, too have undergone a transformation and Unity's signages are displayed proudly. Our marketing and brand building efforts will increase significantly during FY2023 when we roll out our digital and retail product suite.

Employee Welfare

During the year, we undertook a number of initiatives for the well-being and safety of our employees. Well before the lockdowns were

announced, we put most of our staff on 'Work from Home'. Only those in essential service functions such as branch operations, treasury, etc. attended office, that too under strict guidelines. We arranged online counselling sessions to address mental health issues, fatigue and burnouts. In addition, a vaccination camp was arranged at our corporate office in Mumbai to provide vaccinations to staff and their families.

The Way Forward

During FY2023, we will roll out our retail product suite via our mobile app and have given our 111 branches a fresh look. As mentioned earlier, we wish to simplify banking, and we are working to ensure that our App will be reflective of Customer centricity and ease of usage. Besides quick account opening, we will offer customers an instant credit limit, attractive interest rates on savings accounts and fixed deposits along with medical benefits such as insurance covers and doctor consultations. Breaking away from the traditional branch layouts, we will be redesigning the branches as 'Customer Experience Centres', offering 24/7 self-service kiosks, ATMs, assisted digital banking operations and analytical advisory to complement the Mobile App.

Our Business Banking unit, that caters to small businesses and our Inclusive Banking business that services low income women borrowers in urban and rural areas, are expected to double

The name Unity signifies inclusiveness, conveying the message that we are a bank for everyone. The logo is derived from the alphabet 'U'. The horizontal lines inter-woven into the alphabet, resemble a hashtag that symbolizes the convergence of technology and the bringing together of people. “ Besides, organically growing our operations, we are also looking at introducing new products such as gold and personal loans along with a phase wise branch expansion roadmap. All teams are working hard to achieve their targets and I am confident that our collective efforts will result in steady growth for the bank. ”

their AUM during FY2023. This will be driven by growth in our sales and credit teams to capitalise on the market opportunity post the pandemic.

Besides, organically growing our operations, we are also looking at introducing new products such as gold and personal loans along with a phase wise branch expansion roadmap. All teams are working hard to achieve their targets and I am confident that our collective efforts will result in steady growth for the bank.

Our Board presently comprises five Independent Directors, who are industry veterans with a distinguished track record. During the year, we will expand the Board to include shareholder nominees and a full time Managing Director. Our commitment to the highest standards of corporate governance remains, as we guide the country's newest bank, in its initial years.

FY2023 may continue to remain volatile. The fear of subsequent waves of the pandemic along with the prolonged Russia – Ukraine war and China's zero Covid policy could cause economic disruptions. A slowdown in any sector has a spiral effect on the banking sector as well,

and this is something we need to be prepared for. At Unity, we have put in considerable time and effort to draw out a robust business strategy, build in contingencies and streamline operations to offer a smooth banking experience for our customers.

I would like to take this opportunity to thank every Unity employee, our clients, regulators and Board members for the trust and confidence reposed in the Bank. I look forward to your continued support in our journey of creating long-term value for all stakeholders.

Warm Regards,

Vinod Rai

Dear Shareholders,

Starting a bank from scratch is an exciting as well as daunting task and your shareholders and management team is committed to making this a grand success story. Not just any bank but a digital first bank that will harness the power of information technology to provide reach, convenience, easy access, and a superior customer experience.

The name Unity and our logo represents several underlying themes such as coming together of different business models of Centrum, BharatPe and PMC, a convergence of technology, convenience and customer centricity.

In the year gone by our primary achievement was to obtain and then operationalise a small finance bank license which we did in record time i.e. 14 weeks from the day we received our in-principle license to launch on 1 November. I am happy to say that the months of hard work to integrate Centrum's MSME lending and Microfinance businesses and the banking operations of PMC paid off and today we are off to a strong start. We have made significant progress in implementing the scheme of amalgamation announced by the Government which would result in revival of PMC and much needed relief for the depositors.

Our immediate business plan is to launch a mobile app based digital bank which will provide a very special experience to Customers. The emphasis will be on financial inclusion, focus on small ticket loans and deposits, a state of the art tech platform to power our growth. Our small business lending (business banking unit) and micro credit operations (inclusive banking unit) which are end to end digitised is expected to see very rapid growth to capture market opportunity we see. Complementing our digital platforms, we plan to grow the branch network and expand our partnership channels.

“The leadership team is largely in place and it's very satisfying to note how they have come together to deliver on what was once seen as a huge challenge. The coming months will no doubt bring fresh challenges as Unity launches its digital platform and app and earns the trust of its customers and stakeholders.”

The coming months will no doubt bring fresh challenges as Unity launches its digital platform and app and earns the trust of its customers and stakeholders.

I would like to thank our 2200 plus employees, our board of independent directors and our shareholders for their guidance and support as Unity takes baby steps to realise its ambition of a truly digital bank serving the aspirations of our customers be they small businesses and underserved communities

Interim CEO's Message

Inderjit Camotra
Interim CEO

Dear Shareholders,

For all of us at Unity Small Finance Bank Limited (Unity Bank), FY2022 has been a year of unearthing opportunities, rising up to challenges and learning new skills.

What started off as a vision in early 2021, has today grown in to a formidable and fast growing venture, strongly focussed on corporate governance and customer centricity. While, we have made significant progress in a relatively short time frame, including the mammoth task of amalgamating erstwhile PMC Bank and repaying the first tranche of payouts, an exciting and rewarding journey awaits us in the years ahead.

I am happy to share some of the key milestones accomplished with the support of our employees and partners:

- Opening of our First Branch - We received the final license from RBI on 12th October, 2021 and opened our first branch in Mumbai on 1st November, 2021. A quick turnaround in just three weeks!
- PMC – Unity Amalgamation - We completed the challenging task of successfully amalgamating PMC Bank with Unity. This amalgamation rescued PMC Bank from liquidation and provided relief to the approx. 9.5 lakh deposit holders, whose deposits remain principal protected. We also welcomed the 1100+ employees to the Unity Family, who have integrated well and continue their committed service to customers.
- Merged Centrum's MSME & Microfinance Businesses – Centrum's established and profitable MSME and Microfinance businesses were merged with Unity, providing us a strong base to build on.
- Depositor Payouts - We received liquidity assistance from the DICGC on 31st March 2022, post banking hours, and on the same day itself, we credited the eligible ~8.5 lakh accounts with their requisite balances (upto ₹ 5 lakhs). We did not want any delays here, as depositors have had limited access to their funds for over two years. We were well prepared and ensured that branches were adequately staffed and that every branch had sufficient cash, NEFT forms and loose cheques. Separate arrangements were made for senior citizen customers.

“

Customers have been appreciative of our efforts. Many of them have expressed their gratitude in-person, over emails and social media as well. However, I am extremely happy to note that, we have been successful in retaining a sizeable amount of deposits. Many customers have even opened fresh FDs with us.”

- Set up Infrastructure for Smooth Payments – We received an in-principle membership from the RBI to participate in the CTS & CPS. Unity Bank is already participating in Clearing, NEFT Payments and Banking Channels actively.
- Indian Banks Association Membership – We received IBA membership and have already actively started participating in the IBA forum and activities for benefit of the Banking system. The forum also provides us with insights on improving our services and networking opportunities.

Customers have been appreciative of our efforts. Many of them have expressed their gratitude in-person, over emails and social media as well. However, I am extremely happy to note that, we have been successful in retaining a sizeable amount of deposits. Many customers have even opened fresh FDs with us.

As I mentioned earlier, while we have made significant progress, a lot of action awaits us in the coming years. Our focus for FY2023 will be to multifold and will include – Rolling out our Digital and Retail Product suite, strengthening our Branch Banking and Service Delivery Channels along with growing our presence geographically. All this, by being a compliant Bank respecting all stakeholders we work with – Regulators, Shareholders, Customers, Employees & the Communities where we are present across India.

Employee Insights

Niketa Kothari

Head Financial Institutions Group

I have spent over 20 years in the financial services industry across corporates, banks and NBFCs. However, this was my first stint as part of building a Bank ground up, which has been the most enriching experience so far. It has not only given my learning curve a steep hike but also broadened horizons in my career path and corporate journey. Very few employees get an opportunity to see a paradigm shift in the organisation and also be a part of it.

We set up Unity Bank's first branch in Mumbai and I am proud that the management had faith in my capabilities and was asked to be the First Branch Manager of the First Bank. A First for me as well ! An opportunity that I grabbed with both hands. It was a great learning experience as I worked with a very professional and motivated team and together we studied the market, took

best practices for the industry and successfully inaugurated the first branch. Considering I had no experience in Bank or Branch operations, the support from colleagues and seniors was very instrumental

It was an absolute privilege to inform our lenders (mostly Banks/ NBFCs), that we also are now a Bank. The experience of sitting on the other side of the table was a very satisfying and joyful moment for me and the NBFC treasury team. It was an uphill task for seeking NOCs / approvals for the movement of debt to the Bank, but the team achieved the necessary results in a time bound manner.

I am proud to be part of a fast growing, new age bank and look forward to achieving greater heights in my new role.

Customer Communication is Key

The formation of Unity Small Finance Bank Limited gave a ray of hope to lakhs of PMC Bank customers, who had limited access to their funds for over two years.

Even before the amalgamation was formally sanctioned, an integration committee under the leadership of Inderjit Camotra with representatives from both PMC Bank and USFB was formed to ensure smooth transition and integration. This homogeneous group worked round the clock to put procedures in place and ensure that customer queries are dealt with in a timely manner.

The services of Call Centre were engaged and toll free number along with a dedicated email id care@unitybank.co.in was created to provide updated information to customers as well as address queries. During the transition period (January – March 2022), the call centre handled over 1 lakh calls and we received over 5500 email queries, all of which were promptly addressed by our Customer Service Department. To ensure that Standard Operating Procedures are followed across all Branches of UNITY, SOP for various departments of the Bank were made under the guidance of Mr. Sujoy Bhawal and circulated amongst the Branches on the day of amalgamation.

The DICGC settled the valid claims of depositors, post banking hours on 31st March, 2022. This was followed by three consecutive bank holidays. Our team worked over the long weekend addressing customer queries on the settlement process and trained our branch staff to be well prepared for the large volume of customers expected on the following Monday. It was a day we had anticipated and were well prepared for. Cheque books were dispatched

through five different courier companies along with the provision of loose cheque leaves across branches, ensured that customers were able to access their funds in a timely manner.

As customers started getting their amounts credited, we could see the joy and relief on their faces. It was the moment they had waited patiently for. During the month of April 2022, the volume of calls and emails reduced significantly. We received many positive messages and words of encouragement from customers recognising our efforts in the resolution process. However, the biggest testament to our efforts was that many customers came back to the branches to re-invest their money with us!

I am proud to be part of a Bank that puts its customers first!

An Aspirational Journey with a Quick Turnaround

Amalgamation of PMC Bank

It was indeed a matter of pride and joy, that The Reserve Bank of India (RBI) chose Centrum Financial Services Limited, to promote a new Small Finance Bank (SFB).

After a gap of nearly 6 years, a new banking license was issued, that paved the way for the amalgamation and revival of the beleaguered Punjab & Maharashtra Co-operative Bank (PMC Bank). We thank the RBI for the opportunity and confidence shown in our abilities.

Having complied with the requisite regulatory approvals, the Finance Ministry sanctioned the amalgamation on 25th January 2022, protecting PMC Bank from liquidation and bringing relief to its stakeholders, depositors and 1,100+ employees.

Unity Bank starts operations, paving way for PMC merger

PRESS TRUST OF INDIA
Mumbai, November 1

UNITY SMALL FINANCE Bank, the 51:49 joint venture between Centrum Group and payments app BharatPe, on Monday launched their first branch that will go a long way in resolving the crippled cooperative PMC Bank by merging it with the new entity.

The 12th small finance bank begins operations with over ₹1,100 crore of equity capital, over two lakh customers and an asset base of over ₹2,400 crore which comes from the existing MSME and MFI credit business of the Centrum Group. Jaspal Bindra, group executive chairman and the non-executive chairman of Unity Bank, said on Monday.

Unity Bank commenced operations in a record time as it got the final licence only on October 12 from the RBI, after getting the in-principle approval in June. The licence is also contingent on the Unity Bank taking over PMC Bank, which was hit by a ₹7,000-crore loan scam and has been under the RBI administrator since September 2019.

THE ECONOMIC BUREAU
MUMBAI, NOVEMBER 22

THE RESERVE Bank of India (RBI) on Monday released a draft scheme of amalgamation of fraud-hit Punjab and Maharashtra Cooperative (PMC) Bank and Delhi-based Unity Small Finance Bank. Unity SFB is a joint venture between Centrum Group and BharatPe. It commenced operations as a small finance bank (SFB) with effect from November 1.

According to the draft scheme of amalgamation, following the amalgamation, depositors of PMC Bank will get their money back over a period of 3-10 years. It said the transferee bank (Unity) will make the payment of up to Rs 1 lakh received from DICGC to eligible depositors. The remaining amount, the RBI will pay up to Rs 50,000. The payment already made in the last two years, followed by a payment of up to Rs 1 lakh at the end of three years, Rs 3 lakh at the end of four years and Rs 5.5 lakh at the end of five years. The RBI will ensure the remaining amount

OUR SPECIAL CORRESPONDENT

Mumbai: Unity Small Finance Bank has paid out around Rs 3,791.55 crore to 8.5 lakh account holders in Punjab and Maharashtra Cooperative Bank (PMC Bank) — bringing some relief to the depositors who were denied access to their life savings after the bank collapsed in 2019.

In January, the finance minister had sanctioned the amalgamation of PMC Bank with Unity Bank, thus protecting it from liquidation.

Following the amalgamation, PMC Bank's 110 branches and over 1,100 employees came into Unity Bank's fold.

The payout was possible after the Deposit Insurance and Credit Guarantee Corporation (DICGC) forked out the money under an insurance mechanism that protects all bank deposits up to a limit of Rs 5 lakh.

Unity Bank is promoted by Centrum Financial Services Pvt Ltd, the BharatPe parent, as a joint investor.

It commenced operations in November 2021 after the Reserve Bank of India issued a small finance bank licence with a capital infusion of Rs 1,100 crore, total assets of about Rs 2400 crore and an active customer base of over 2 lakh. While Centrum holds 51 per cent in the lender, the rest is held by Resilient Innovations.

Unity Bank will repay the full principal amount due to all PMC Bank depositors as per the scheme of amalgamation.

Under the scheme, the bank will pay up to Rs 5 lakh — the amount insured with the DICGC — to all depositors in the initial phase.

Depositors with savings above Rs 5 lakh will get another Rs 50,000 at the end of the first year.

Depositors may not get their dues immediately

RBI's existing restrictions will expire by the end of this month. Large depositors may continue to face curbs for sometime to avoid a run on the bank.

to make this transition, Pe and Centrum among four groups made submissions to the RBI for granting a licence to the new bank. The RBI has granted a licence to the new bank, but the RBI has not yet granted a licence to the new bank. The RBI has not yet granted a licence to the new bank.

In September 2019, the central bank superseded the board

and put restrictions on PMC Bank, including on cash withdrawals, after investigative agencies detected a fraud in the bank. Cash withdrawals were capped at ₹1,000 per account for six months but gradually relaxed to ₹1 lakh in June last year covering 84% of depositors. But, RBI refrained from raising the withdrawal limit beyond ₹1 lakh, citing lack of liquidity against deposit liability of ₹10,727 crore as on March 31, 2020. Liquid assets available with the PMC Bank were worth ₹4,473 crore, which was "insufficient" to fully pay all its depositors.

"We plan to bring ₹1,800 crore of capital which would be equally divided between Centrum Group and BharatPe, and half of this will be brought in the first year. We will be starting the bank with ₹500 crore on day one," said Jaspal Bhatia, executive chairman, Centrum Group.

The new investors should ideally bring in capital for enabling the bank to achieve the minimum required capital to risk-weighted assets ratio of 9%. Later, they may explore the option of restructuring a part of deposit liabilities into capital/instruments.

RBI GRANTS 'IN-PRINCIPLE' NOD FOR SMALL FINANCE BANK Centrum to takeover PMC Bank, partner BharatPe to launch SFB

ENR ECONOMIC BUREAU
MUMBAI, JUNE 18

PMC Bank is under regulatory supervision after the RBI issued financial irregularities in its functioning, leading to the closure of the bank. The bank has an exposure of ₹ 6,000 crore to the RBI. The RBI has supervised the bank since its takeover in September 2019. Last year in November, the bank came out with an full compliance of interest to deposit a suitable equity transfer group of companies to take over the bank and commence to-day to-day operations. BharatPe and Centrum Group reportedly submitted a proposal to the RBI to take over the troubled PMC Bank. Five bidders had submitted bids to take over PMC Bank. When the RBI asked the bidders to provide a detailed plan, it initially rejected the plan, but later accepted it. The plan was later accepted by the RBI. The RBI has granted in-principle approval to the plan.

RBI grants banking licence to USFBL Bank to be jointly managed by Centrum Financial Services and BharatPe

OUR BUREAU

The Reserve Bank of India on Tuesday granted a banking licence to Unity Small Finance Bank Ltd (USFBL), which was established jointly by Centrum Financial Services Ltd (CFS) and Resilient Innovations Private Limited (BharatPe), to carry on SFB business in India. The central bank had accorded "in-principle" approval to CFS, a wholly-owned subsidiary of Centrum Capital, on June 18 to set up a small finance bank (SFB). The approval was in specific pursuance to CFS's February 2021 offer in response to the scam-hit Punjab and Mahat-

shira Cooperative (PMC) Bank's November 2020 depression of interest (NoI) notification.

RBI announces draft scheme for PMC-USFB amalgamation

'USFB set up with ₹1,000-cr. capital, higher than mandated'

SPECIAL CORRESPONDENT
The Reserve Bank of India (RBI) on Monday placed in public domain a draft scheme for amalgamation of the Punjab and Maharashtra Cooperative (PMC) Bank with Unity Small Finance Bank Ltd. (USFB), a banking company incorporated in India under Companies Act, 2013, and having its registered office in New Delhi. USFB commenced operations with effect from November 4, 2020. The draft scheme of amalgamation envisages takeover of the assets and liabilities of

the regulatory requirement of ₹500 crore for setting up of a small finance bank under the guidelines for on-tap licensing of small finance bank in private sector, with provision for further infusion of capital at a future date after amalgamation," the banking regulator said. Mumbai-based PMC Bank Limited, a multi-state urban cooperative bank, was placed under all-inclusive directions with effect from the close of business hours on September 23, 2019, on account of fraud, which led to a 'steep deterioration' in the network of the bank.

OUR SPECIAL CORRESPONDENT
Mumbai: Unity Small Finance Bank has paid out around Rs 1,700 crore to 4.5 lakh account holders in Punjab and Maharashtra Cooperative Bank (PNCB) — following their merger with the depositors who were denied access to their life savings after the bank collapsed in 2019. In January, the Reserve Bank of India had sanctioned the amalgamation of PMC Bank with Unity Bank, thus protecting it from liquidation. Following the amalgamation, Unity Bank is provided by Centrum Financial Services Ltd with Resilient Innovations Pvt Ltd, the former parent, as a joint investor. It commenced operations in November 2021 after the Reserve Bank of India issued a small finance bank licence with a capital infusion of Rs 1,300 crore, total assets of about Rs 2,000 crore and no active customer base of more than 1 lakh. While Centrum holds 51 per cent in the lender, the rest is held by Resilient Innovations. Unity Bank will repay the full principal amount due to all PMC Bank depositors.

Strong Brand

The name Unity signifies inclusiveness, conveying that we are a Bank for Everyone. Unity as a name is very relevant on many counts. It is the first time; a Bank is being built by an almost equal partnership of two financial entities. Our thrust remains on financial inclusion, aiming to ensure unity through financial diversity. We also strive to strengthen our brand value through an open architecture, uniting multiple service providers to deliver a seamless digital experience.

Our Brand Identity

The conviction of 'ONE' is perfectly captured in the thoughtfully-designed logo, which uses the alphabet 'U' from the word Unity.

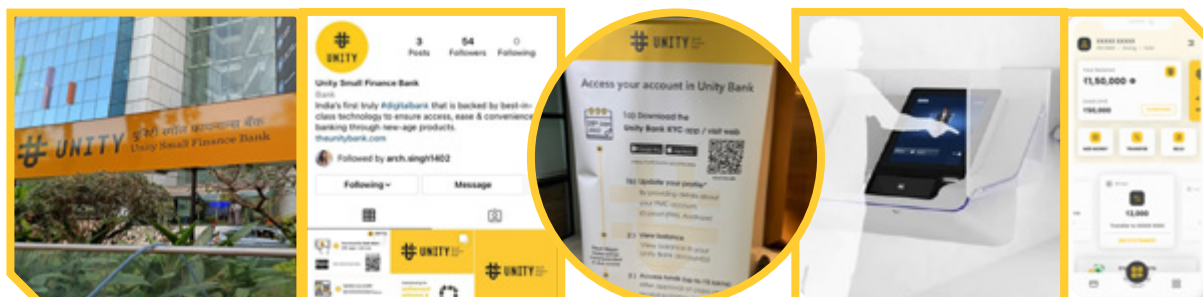

The horizontal lines inter-weaved with the main U symbolize people holding hands - indicating the brand's people-centric approach. It also highlights the coming together of all Indians, through financial inclusion to create a strong unified society and nation.

The colour 'new gold' breaks away from the clutter and communicates the promise of a brighter future with the company's people-centric and technology-driven approach.

Bringing the Brand to Life

Building a Solid Foundation for Inclusive Growth

Cutting-edge technology

We endeavour to maximize the usage of technology to deliver solutions that simplify banking, and fulfil every customer's financial requirement in a convenient, simple and speedy manner, across our online and physical channels.

Account opening within 3 minutes.

Interface personalization with smart yet non-intrusive prompts and notifications.

Universal card (Debit/Credit/BNPL) for physical & virtual use, with an option of converting spends into EMIs.

Most existing and new branches will be re-branded as Experience Centres featuring 24x7 self-service kiosks, assisted digital banking operations, analytical advisory, etc. while sporting a modern look.

Building a Solid Foundation for Inclusive Growth

Robust Corporate Governance & Risk Management

With an agile and hands-on Board at the helm, we remain committed to build a resilient and proactive business model. Our Board comprises industry stalwarts with experience across multiple fields such as Banking, Hospitality and Fintech, giving us a holistic perspective.

Our Board is further empowered by the presence of Vinod Rai, former IAS officer and the CAG of India. Keeping our values intact, we aim to build an ethical organisation that ensures transparency in operations and upholds its integrity. Further, our robust risk management policies allow us to identify emerging risks and undertake timely actions to mitigate adverse impacts on our operations. Our internal controls are structured to ensure reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorised use or losses, executing transactions with proper authorisation and ensuring compliance of corporate policies, laws, and accounting standards.

Building a Solid Foundation for Inclusive Growth

Directors' Report

To,
The Members,
Unity Small Finance Bank Limited

Your Directors are pleased to present the First Directors' Report together with the Audited Financial Statements of the Bank for the financial year ended March 31, 2022.

1. STATE OF AFFAIRS OF THE BANK

The Bank is promoted by Centrum Financial Services Limited, with Resilient Innovations Private Limited as a Joint Investor. It strives to be a 'Digital First Bank' with a business model of collaboration and open architecture, uniting all its stakeholders to deliver a seamless digital banking experience. The Bank commenced its operations effective November 1, 2021. Centrum's successful and profitable MSME and Micro Finance businesses have merged with the Bank, giving it a strong base to scale further.

The Ministry of Finance through a gazette notification dated January 25, 2022 sanctioned the scheme of amalgamation of the beleaguered Punjab & Maharashtra Co-operative Bank Limited (PMC Bank) with your Bank, bringing relief to its depositors and stakeholders. Along with Resilient Innovations Private Limited, the team worked hard to get the Bank up and running in record time. A quick turnaround from regulatory approvals to operationalisation, paved way for the amalgamation of PMC Bank with your Bank, providing stability to its employees and protecting depositor's interest.

As on 31st March, 2022, the Bank had total revenue of ₹ 154.23 crores, and operating profit of ₹ 4 crores (before provision and contingency, goodwill write off and fair value charges). The Bank's Capital Position as measured by CRAR is very strong at 63.71% and Provision Coverage Ratio is 94.8%. As a conservative measure, the Bank has written off goodwill of ₹ 92.2 crores completely along with a fair value charge of ₹ 45.7 crores. This has resulted in a loss of ₹ 149.61 crores. Being in business for only 5 months of FY 2022, along with high start-up costs invested in technology and talent, numbers of the Bank may not be precisely reflective of the growth initially. With the roll out of our retail product suite and accelerated marketing and customer outreach, we expect a significant improvement in financial performance over the next few years. Also, the Bank remains well capitalised to support its projected growth over the next few years.

FORM NO. MR.3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL PERIOD FROM 1ST NOVEMBER, 2021 TO 31ST MARCH, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Unity Small Finance Bank Limited

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Unity Small Finance Bank Limited** (CIN: U65990DL2021PLC385568) (hereinafter called "the Bank").

Subject to limitation of physical interaction and verification of records caused by COVID-19 pandemic restrictions, the Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct, statutory compliances and expressing our opinion thereon.

Based on our verification of the Bank's statutory registers, books, papers, minute books, forms and returns filed and other records maintained by the Bank and the information provided by the Bank, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Bank has, during the audit period covering the financial period ended on 31st March, 2022, complied with the statutory provisions listed hereunder and also that the Bank has followed proper Board-processes and has required compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minutes books, forms and returns filed and other records maintained by the Bank for the financial period ended on 31st March, 2022 in accordance with the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder for compliance to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings, **as applicable**;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), **as amended from time to time and as applicable**

to the Bank with respect to its listed Non-Convertible Debentures -

- a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 - **Not Applicable to the Bank**;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 - **Not applicable to the Bank**;
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 - **Not applicable to the Bank**;
 - e) The Securities and Exchange Board of India (Issue and Listing of Non- Convertible Securities) Regulations, 2021;
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client - **Not applicable to the Bank**;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 - **Not applicable to the Bank**;
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 - **Not applicable to the Bank**;
 - i) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018.
- (vi) Other specific business/industry related laws applicable to the Bank - The Bank has complied with the provisions of the Banking Regulation Act, 1949, Master Circulars, Notifications and Guidelines and other directions pertaining to Commercial Banks and Small Finance Banks issued by Reserve Bank of India. Further, the Bank has complied with other applicable general business laws, rules, regulations and guidelines.

We have also examined compliance with the applicable clauses of the following: -

- i. Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Bank Secretaries of India; and
- ii. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 - **to the extent applicable to Listed Non-Convertible Debentures.**

During the period under review, the Bank has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that the Board of Directors of the Bank is duly constituted with Non- Executive Directors and Independent Directors. The Company has appointed Chief Executive Officer of the Company with effect from 6th April, 2022. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance as prescribed under the applicable Secretarial Standards, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

The minutes of the Board meetings and Committee Meetings have not identified any dissent by members of the Board / Committee of the Board respectively hence we have no reason to believe that the decisions by the Board were not approved by all the directors/members present. The Minutes of the Board meetings and Committee meetings were duly approved at the meeting by the Chairman of the meeting.

We further report that, there are adequate systems and processes in the Bank commensurate with the size and operations of the Bank to monitor and ensure compliance with applicable laws, rules, regulations and guidelines. As informed, the Bank has responded appropriately to communication received from various statutory / regulatory authorities including initiating actions for corrective measures, wherever found necessary.

Management Discussion & Analysis

Economic Overview

Global Economy

In 2021-22, volatility in the economy remained high, driven by persistent inflation, repeated waves of the pandemic and geopolitical tensions. Most emerging market and developing economies (EMDEs) continued witnessing growth challenges, whereas sharp rebounds were observed in major economies. Global growth is expected to moderate from 5.9% in 2021 to 4.4% in 2022, indicating an uneven recovery. Almost all advanced economies are expected to regain pre-pandemic per capita income levels by early 2023, however, only one-third of EMDEs are expected to do so. In the aftermath of the pandemic, the world's leading economies have re-adjusted their priorities to focus more on re-invigorating their local industries. However, soaring demand coupled with supply constraints and rising energy prices are impediments to their progress.

Indian Economy

In spite of Macroeconomic concerns, India charted a recovery path and is on track to record a GDP growth rate of 9.2% for FY2022. Widespread vaccination coverage, stable and accommodative monetary policy and fiscal support helped cushion the impact substantially. However, inflation remained elevated owing to high commodity prices, increased freight costs, global supply chain issues and geopolitical crises.

India's headline CPI inflation (retail inflation) averaged 5.4% for the period between April - February, FY22, as compared to 6.2% in the corresponding period last year. Despite the worldwide disruptions, India's balance of payments has been in surplus for the past two years. The RBI was able to maintain building foreign exchange reserves. In FY2023, the combination of large foreign exchange reserves, continued foreign direct investment (FDI) and expanding export profits will provide leverage against anticipated global liquidity tapering.

Balance of payments has been in surplus for the past two years

Capital markets have performed remarkably well

India's capital markets, like many other global markets, have performed remarkably well, allowing Indian corporates to raise record capital. Even with some after effects of the pandemic, the banking system is well capitalised, and NPAs are within reasonable limits. Going forward, the Government's emphasis on capital spending and exports are projected to boost capacity and aggregate demand, while attracting private investment.

Banking Sector Overview

In FY2022 the banking industry was compelled to take note of the tectonic shifts that re-configured the global financial system and rethink their technological strategy to increase digital/branchless banking, redefine client interactions and rediscover the meaning of financial inclusion. The greatest defining factor for banks' performance has been their potential to capitalise on technological investments to create long-term value.

Small Finance Banks (SFBs) play a prominent role in supporting last-mile credit to individuals and small businesses. To provide targeted liquidity support to small business units, micro and small industries, and other unorganised sector entities that were adversely affected during the pandemic, the RBI conducted Special Long-Term Repo Operations (SLTRO) of ₹10,000 crores at the repo rate for SFBs and Credit Lending by SFBs to MFIs for on-lending.

Note: Number of September 2021 is based on offsite returns data

The government expanded the Emergency Credit Line Guarantee Scheme (ECLGS) ceiling to ₹5 trillion and extended its availability until March 2023 or until the maximum limit is exhausted, whichever comes first. These developments will likely increase demand for bank credit.

In the Union Budget 2022, more credit lines for small firms, the launch of the central bank's digital currency, a push for digital banking, and reforms to reinforce the bankruptcy legislation were among the primary emphasis areas for the banking industry.

Apart from the premise that asset quality concerns have subsided since the pandemic, reduced credit costs driven by improved asset quality are likely to lead to increased profitability. Furthermore, capital is likely to stay above pre-pandemic levels, allowing banks to be more resilient and enhance their credit risk appetite.

The assets under management (AUM) of SFBs are predicted to increase at a marginally faster rate of around 20% in FY2022, compared to a growth rate of 18% in FY2021. SFBs have been able to preserve a favourable asset-liability maturity profile because of a combination of shorter-term assets, a large share of non-callable deposits, and long-term funding support from financial institutions.¹

Digital Banking

In recent years, digital banking, payments and fintech innovations have proliferated. The Reserve Bank of India is planning to launch a digital currency using blockchain and other technologies, as well as taxing virtual digital assets. With this, India will join the ranks of countries issuing their own Central bank Digital Currency (CBDC), which is the legal tender issued by a central bank in a digital form.

To ensure that the benefits of digital banking reach every corner of the country, scheduled commercial banks are set to establish 75 digital banking units in 75 districts.² The Unified Payments Interface (UPI) has surpassed the \$1trillion mark in transaction values for FY2022, marking a significant milestone for the payments system, which has seen significant growth over the last two years and contributed to increased digital usage.³

Digital lending, as a service, will be a futuristic business model for banks, NBFCs, and fintechs, allowing them to connect to the larger ecosystem and meet customers' daily requirements and personal goals.

Outlook

The banking sector is on an upward trend as asset quality issues are largely addressed and public and private capex plans are in place. Large corporations are slowing down their

deleveraging, given the significant chance of a resurgence in demand and addressing supply chain bottlenecks. With expansion of the real economy, investment funding proposals are increasing. Increased infrastructure spending, faster project delivery and the continuation of reforms are all likely to bolster industry, pointing to a strong future for India's banking sector.

Furthermore, with technological advancements, the banking sector places greater emphasis on providing better services to their customers and upgrading their technology infrastructure to improve the overall experience of their customers. This is likely to help banks gain a competitive edge and experience a boost in the long term.

Company Overview

Unity Small Finance Bank Limited (Unity Bank) is promoted by Centrum Financial Services Ltd with Resilient Innovations Pvt Ltd as a joint investor. It strives to be a Digital First Bank with a business model of collaboration and open architecture, uniting all its stakeholders to deliver a seamless digital banking experience. The Bank commenced operations in November 2021.

Through a gazette notification, the Ministry of Finance in January 2022, sanctioned the scheme of amalgamation of the beleaguered Punjab & Maharashtra Co-operative Bank (PMC Bank) with Unity Bank, bringing relief to its depositors and stakeholders.

Segment-wise Highlights

Business Banking

Business Overview

The Business Banking unit (erstwhile Centrum Financial Services Ltd) provides loans to MSME businesses in India and acts as a catalyst in their growth journey. The business can be divided into the following sub-units:

The business has predominantly been asset driven so far, going forward it will also drive liability growth with its customers.

³ <https://www.moneycontrol.com/news/business/upi-reaches-a-watershed-moment-with-digital-transaction-value-shooting-past-1-trillion-mark-in-fy22-8297951.html>

Highlights FY2022

During the year, Loan assets grew significantly, driven by growth in customer acquisition. The business continued to leverage its customized product offerings and strengthened its sales and support teams. Mobile Application based sourcing for all loan products was streamlined during the year, which helped reduce Turnaround times and enhanced customer experience.

During the year, the business sharpened its loan book to focus on more retail and granular loans. Over 2,000 customers were on-boarded. As on March 31, 2022 AUM is at Rs 819 crores, a growth of 81% y-o-y.

Outlook

The team will focus on further expansion and growth while maintaining the overall portfolio quality. The target is to double the Asset AUM, keep margins/NIM intact and penetrate liabilities products to existing and new customers.

The business will follow a hub and spoke model, wherein the hub locations will provide infrastructure support to the spoke locations. As a strategy, the Supply Chain Finance and Unsecured Business Loans will have their major operations at the hubs, while secured products will operate up-to 75 kms from municipal limits of hub locations, along with identified spokes. The business aspires to expand its geographic reach by adding several hub locations and building its presence in all major economic centres.

Hiring for the proposed expansion will be carried out in FY2023.

Inclusive Banking

Business Overview

The Inclusive Banking business (Previously Centrum Microcredit), provides loans under the Joint Liability Group (JLG) Model to low income women entrepreneurs in urban, semi-urban and rural areas. 'Financial Inclusion' is the key objective and it wishes to empower the un-served and under-served women by providing income generation loans and other relevant financial services. It aims to positively impact 3 million low income households by 2025 across India by being their financial services provider of choice.

Highlights FY2022

During the year, the business expanded its client base and currently serves over 2,50,000 Women Entrepreneurs. As on 31st March, 2022, its AUM stands at approx. Rs 710 Crores. The Microfinance Business is spread over 9 States, 80 Districts and 160 Branches. It disbursed over 100+ Cr of Aarogya Dhara also known as "WASH loans". It entered partnerships with four fintechs PayNearby, FunFina, Jaikisan and Acematic to grow its Micro Enterprise Loan segment.

Outlook

In FY 2023, the business aims to grow its client base to over 5,00,000 and grow its presence in 100+ districts PAN India. It plans to open new branches in Madhya Pradesh and Uttar Pradesh. It aims to significantly grow its AUM with a strong growth focus in its Micro Enterprise Loan Segment.

Financial Markets & Treasury

Business Overview

The Bank's Treasury & Markets function comprises Asset Liability Management (ALM), Interest Rate Trading (IRT), Non SLR Trading, Equity, Resource raising & rating, Debt Capital Markets and Treasury Sales.

Highlights FY2022

The team's ALM group managed the regulatory requirements of Cash Reserve Ratio (CRR), Statutory Liquidity Ratio (SLR) and Liquidity Coverage Ratio (LCR). It also managed the liquidity, interest rate and currency risks in the Bank's portfolio, under the guidance of the Asset Liability Committee (ALCO) of the Bank.

The DCM desk was responsible for SLR and non SLR securities distribution to PFs, co-operative banks etc. The IRT Trading desk played the important role of market making and trading in G-Sec, SDL, T Bills & other interest rate products. The non SLR Trading desk undertook primary and secondary market investments in corporate bonds, commercial papers, certificates of deposits, and equity instruments. Investments in SLR securities and non-SLR securities were maintained in compliance with regulatory norms as well as the Treasury and Investment Policy.

During the process of amalgamation of erstwhile PMC into Unity Bank, investments and liabilities were amalgamated into the Bank's portfolio. Borrowings (in the form of Term Loans and NCDs) have been grandfathered by the Bank under the relevant RBI guidelines. During the next financial year, the high-cost grandfathered borrowing will be substituted with low-cost deposits and market borrowings.

Outlook

The team will look at diversifying its Resource raising and raise funds using a mix of instruments such as Certificates of Deposit (CDs), Term Money, Inter Bank Participatory

Certificates (IBPCs) and refinance from financial institutions. The business will also closely work with the liabilities team to aid deposit mobilisation while optimising cost of funds. The team will look at further strengthening relationships with various financial market participants such as banks, mutual funds, cooperative banks and rating agencies.

Branch Banking

Business Overview

Within weeks of securing its SFB license, the business opened its first branch on 1st November 2021 in Mumbai. The Bank is housed on Finacle as its Core Banking system, with full capability of Account Opening, Cheque Clearing, NEFT /RTGS payments and Teller Services.

On 25th January 2022, through a Government of India gazetted notification, all business and branches of erstwhile Punjab and Maharashtra co-op bank (PMC Bank) were merged into Unity Bank. Unity Bank branches will be digitally led, modern and service the needs of the customer by offering transaction, Savings, Investment and lending products.

Highlights FY2022

The Government of India announced the amalgamation scheme along with a unique depositor pay-out plan, which was backed by regular customer communication, setting up of a call centre for managing grievances and information dissemination. Fresh Unity Bank cheque books were issued to all eligible depositors. On 31st March 2022, the bank received funds from the DICGC to settle the 1st tranche of payouts. Depositor accounts were credited on the same day.

Outlook

FY2023 will see the Branch Banking business offer full service banking facilities to existing and new customers. New branches are planned in existing as well as new geographies. We aim to build momentum on customer acquisition, grow our Fee income Business and build a Strong Liability book while laying the foundation of Digital and superior customer experiences across branches.

Material Events

Amalgamation of PMC Bank with Unity Small Finance Bank and Depositor Payouts

On 25th January 2022, The Ministry of Finance, through a gazette notification sanctioned and notified the amalgamation scheme of Punjab & Maharashtra Co-operative Bank Limited (PMC Bank) with Unity Small Finance Bank Limited (Unity Bank), protecting it from liquidation and bringing relief to all stakeholders. PMC Bank's approx. 110 branches and over 1,100 employees were subsequently amalgamated into Unity Bank, providing security and stability in their employment along with offering uninterrupted service to clients.

Unity Bank will repay the full principal amount due to all depositors, as per the scheme of amalgamation. Additionally, Institutional depositors will receive preference shares (80%) and equity share warrants (20%) in lieu of their eligible deposit balances. The warrants will be converted into equity shares at the time of the Bank's IPO, giving them a potential equity upside.

On 31st March, the DICGC extended liquidity support of approx. Rs 3,800 crores to Unity Bank. Depositors were paid Rs 5 lakhs upfront almost instantaneously. (subject to completion of the requirements as per DICGC rules).

Unity Bank will diligently follow the provisions of the Amalgamation scheme to give depositors access to their balances in the future as well.

Risk Management

The primary objective of the bank's risk management philosophy and approach is to protect customers' and investors' interests. While the Bank's Board is responsible for overall governance and oversight of risk management in the Bank, its execution is delegated to the Risk Management Committee of the Board (RMC). The Risk management committee is responsible for approving the overall Risk Management philosophy of the bank and examining risk mitigation policies and procedures, monitoring adherence to the approved risk parameters, ensuring compliances and setting prudential limits for various departments through its sub-delegated committee viz. the executive committee of the bank which currently undertakes the function of the Risk Management Committee of the Bank, Credit Risk & NPA Management Committee (undertaken by the Large Credit Sanctions Committee of the Bank), Operational Risk Management Committee (currently undertaken by the Executive Committee of the Bank), Asset & Liability Management Committee and the IT Security Risk Management Committee. The Risk Management Process is conducted, measured and monitored within the framework stipulated by the risk management policies and the delegation matrix approved by the Board of Directors.

The Board, for Risk Governance, is supported by Board Committees, an experienced executive management team and Board Delegated Committees as part of the Risk Governance Framework. The Board has oversight of the management's efforts to balance growth and prudent risk management while creating value for stakeholders. An independent and comprehensive integrated risk management function has also been constituted in USFB, which is entrusted with the responsibility of optimising, managing and monitoring risks prudently. The Bank has appointed a Chief Risk Officer (CRO), who independently monitors, measures and reports the risk associated with key verticals through dedicated divisions i.e., Credit Risk, Market Risk, Operational Risk, Fraud Risk, Information Security Risk and other Risks under the Board approved risk management

policies framework and in accordance with the approval/responsibility delegation matrix. It has been ensured by the Board that the CRO has independent and unhindered access to the Risk Management Committee of the Board.

Credit Risk Management: General Credit Risk is the risk of financial loss if a customer or counterparty fails to meet an obligation under a contract. It arises principally from direct lending, trade finance, marked-to-market exposure from derivative contracts and certain off-balance sheet products such as guarantees and from the Bank's holdings of assets in the form of debt securities. The principal objectives of our credit risk management function are:

- to maintain a strong culture of responsible lending, and a robust credit risk policy and control framework;
- to both partner and challenge our businesses in defining, implementing and continually re-evaluating our credit risk appetite under actual and stress scenario conditions; and
- to ensure there is independent, expert scrutiny of credit risks, their costs and their mitigation.

The Credit Sanctions Committee and the Executive Committee of the bank oversee and review the credit risk and are responsible for the formulation of standards, financial covenants, and benchmarks, delegation of credit approving powers, prudential limits on large credit exposures, asset concentration, standards for loan collateral, portfolio management, loan review mechanism, risk concentration, monitoring and evaluation, provisioning, regulatory and other issues around it. Further, Bank has in place credit appraisal models for appraising cases including risk assessment and checks and balances. All aspects of credit risk are governed by the Credit Risk Management Policy and other related Policies, as approved by the Board of the Bank.

The independent Risk Management function assists the Board, delegated committees and the management through Portfolio Profiling, Early Warning Framework, Rapid Portfolio Review, and Annual Monitoring of High Value Customers.

Operational Risk Management: Operational and resilience risk management is the continuous measure, monitoring and optimisation of the risks that arise through the gaps in the laid down internal processes and risk mitigation systems and the application of the same in day to day functioning of the Bank. The executive committee of the Bank currently undertakes the Operational Risk Management Committee (ORMC) function. The Bank's operational risk management is conducted independently and folds into Chief Risk Officer (CRO). The Bank has in place a Board approved Operational Risk Management Policy which includes a comprehensive Operational Risk Management Framework for documenting, assessing and periodic monitoring of various risks and controls linked to various processes across all business verticals.

The bank also has a fraud Risk Containment Unit that is guided by a Board approved Fraud Risk Management Policy. Fraud cases reported in the Bank are apprised to the Audit Committee and the Board and fraud cases in excess of Rs. 1 crore or more are specifically reported and dealt by the Special Committee for Fraud Monitoring. The Bank endeavours to continuously strengthen its systems, operational practices and processes, procedures, controls, and review mechanism so that fraud-prone areas are minimised.

The Bank has in place comprehensive Business Continuity Management (BCM) policy and procedures to ensure continuity of critical operations of the Bank in the event of any disaster/ incident affecting business continuity. The Bank's business continuity programme is developed considering the criticality of the functions performed and the systems have been designed to minimise the operational, financial, legal, and other material consequences arising from such a disaster and focus is on ensuring faster recovery of/ minimising impact on the IT systems of the Bank. The Bank also has a Cyber Crisis Management Plan in place to address any disruption due to cyber events.

Market Risk, Liquidity and Asset Liability Management: Market risk management is guided by well-defined policies, guidelines, processes and systems for the identification, measurement, monitoring and reporting of exposures against various risk limits set in accordance with the risk appetite of the Bank.

The Board approved Asset Liability Management (ALM) Policy of the Bank stipulates a broad framework for liquidity risk management to ensure that the Bank is in a position to meet its liquidity obligations as well as to withstand any period of liquidity stress arising from any internal or external factors. The Board approved policy captures the risk appetite around the liquidity and market risk of the Bank and helps to put in place a defined governance structure. The Asset Liability Management Committee (ALCO)/ Investment Committee (IC) of the Bank oversees the framework for identification, measurement and management of market risk, interest rate risk and liquidity risk in the Bank and ensures compliance with established internal and regulatory prudential limits and operate within the approved risk appetite by the Board.

IT Risk Management: The Bank, with its intention to become the first truly digital bank of India ensures that its IT security and information security management are comparable to the best standards in the industry. The IT steering committee comprises of the Executive Committee members of the Bank and ensures that policies, monitoring mechanisms, detection tools, measures of risk indicators and tested response mechanisms are in place to deal with any IT or information security risk. A comprehensive BCP has already been put in place and it aims to ensure un-interrupted continuity of operations in case of any event.

Reputation Risk: The Bank ensures transparency in all its communications with all its stakeholders and the regulating authorities. The Bank ensures that all information is provided to the stakeholders and regulators as comprehensively as possible and within stipulated timelines. Operating within the Board approved Risk Guidelines and with a policy of transparency and full disclosure, the Bank has a zero tolerance policy for any events that may have a reputational impact.

Compliance Risk: The bank ensures a strong compliance culture in the bank. It ensures that all the employees are aware of the statutory policies and that they ensure that they discharge their duties strictly in compliance of the same. To further ensure the same the Bank undertakes concurrent and internal audits at a frequency decided by the Board to ensure that the policies and procedures as set by statutory authorities, as well as the Risk Governance Policies approved by the Board, are adhered to at all times.

Internal Controls & their Adequacy

The Bank has adequate internal controls, driven through various policies and procedures which are reviewed periodically, across all processes, units and functions. Business credit teams have the ears on the ground and have built-in processes to identify new risks and mitigate the identified risks. Senior officers of the operating and business units, also monitor the mitigating measures taken.

The bank has various executive-level committees, with participation from various business and control functions, that are designed to review and oversee critical aspects of the Bank's operations. The control functions set the standards and lay down policies and procedures by which the functions manage risks including compliance with regulatory guidelines & applicable laws, adherence to operational controls and relevant standards of conduct. Bank has implemented required controls through systems and processes ensuring a robust control framework.

The Bank has an Internal Audit function which is responsible for independently evaluating the adequacy and effectiveness of all internal controls, Information Security controls, Risk management, Governance systems and processes. The Bank has Information Systems Audit team in place, as a part of its Internal Audit team, to identify and address Technology and IT-related Security issues commensurate with the nature and complexities of its operations.

The Internal Audit department and Compliance function review the business units adherence to internal processes and procedures as well as to regulatory and legal requirements providing timely feedback to Management for corrective action, including minimising the design risk, if any. The Audit Committee of the Board also reviews the performance of the Audit and Compliance functions and reviews the effectiveness of controls and compliance with regulatory guidelines.

Financial Performance

Total revenue stood at Rs 154.23 crores, and the Bank reported an operating profit of Rs 4 crores (before provision and contingency, goodwill write off and fair value charges). Capital position as measured by CRAR is very strong at 63.7% and the provision coverage ratio is 94.8%. As a conservative measure, the Bank has written off goodwill of Rs 92.2 crores completely along with a fair value charge of Rs 45.7 crores. This has resulted in a loss of Rs 149.61 crores. Being in business for only 5 months of FY2022, along with high start-up costs invested in technology and talent, the Bank's financials for FY 2022 may not be precisely reflective of its growth initially. With the roll out of the retail product suite, marketing and customer outreach, a significant improvement in financial performance over the next few years is expected. Also, the Bank remains well capitalised to support its projected growth over the next few years.

Human Resources

During the year, the Human Resources function worked hard to achieve two core objectives. First of building a strong core team as well as middle management. Followed by smoothly integrating the erstwhile PMC Bank staff with Unity Bank. Both objectives were achieved successfully. The team has been able to design and implement a new career framework for all employees, culturally integrate new joiners, PMC and Unity Bank members with a specific business, departments and roles. New HR policies have been rolled out to streamline the day to day people operations. Townhalls were conducted across India to understand employee grievances / suggestions and harmonize PMC Member's grades and salary structures with Unity Bank.

Outlook - While the team has ramped up lateral hiring to fulfil the talent needs of the business, it will now focus on reviewing member's skills, capabilities and interests to take up the new assignments in the bank. Special attention will be provided to introduce digital learning & development sessions to build the right capabilities for a Digital Bank. The function will further strengthen its HR Automation processes to embrace technology in daily work life at Unity Bank.

As on 31st March 2022, the total number of employees stood at 2,312.

Sectoral Opportunities and Challenges

Opportunities

Technology and fintech companies have acted as enablers for the banking sector with an overall increased demand in different sub-sectors. The total number of investors has increased by almost 63% in FY 2022. In addition to this, insurance, asset management and peer to peer loan services are also becoming more popular than ever. The rise of these services has further pushed the growth of the banking sector as these are either dependent or directly connected with banks.

In addition to this, banks have recognised the opportunities available in rural parts of the country. 75 new digital banking units have been introduced in the rural parts of the country. The central bank's digital currency will also push the sector forward, facilitating swifter trade (both domestic and international). The overall increased adoption of fintech services in rural parts of the country will be another crucial growth factor for the banking sector in the near future. Hence, apart from the direct growth that the sector will witness, technological advancements will facilitate and provide a wide range of opportunities for the sector.

Challenges

With an overall increase in digital banking, there are some significant threats that the sector will witness. Cybersecurity threats due to ransomware, identity theft, fraud, and social engineering-related issues are critical. The banking sector has to take account of a complete transformation regarding customer expectations and increased competition. The business models and regulatory compliances have also become more complex than before. Customer retention is also a challenge.

Independent Auditor's Report

To
The Members of **Unity Small Finance Bank Limited**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Unity Small Finance Bank Limited ("the Bank"), which comprise the Balance sheet as at March 31, 2022, the Profit and Loss Account, the Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 and the Companies Act, 2013, as amended ("the Act") in the manner so required for the banking companies and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Bank as at March 31, 2022, its loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Bank in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Emphasis of Matter

We draw attention to:

- a) Note no. 1(a) of Schedule 18 to the financial statements, regarding the accounting treatment, including the valuation and measurement of assets and reckoning of liabilities taken over from erstwhile Punjab and Maharashtra Co-operative Bank Limited ("PMC") as per the Punjab and Maharashtra Co-operative Bank Limited (Amalgamation with Unity Small Finance Bank Limited) Scheme, 2022 sanctioned by the Government of India in exercise of the powers conferred by sub-section (7) of section 45 of Banking Regulation Act, 1949 (10 of 1949).

- b) Note no 1(c)(i) of schedule 18 of the financial statements regarding Fraud in erstwhile PMC Bank for which full provision has been made.
- c) Note no 1(c)-(ii) & (iii) of schedule 18 of the financial statement regarding disputes relating to erstwhile PMC Bank and the Scheme of Amalgamation for which no outflow of resources/ liability is expected by the Bank.

Our opinion is not modified in respect of the above matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Bank's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Financial Statements

The Bank's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949, accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act read with the Companies (Accounts) Rules, 2014 in so far as they apply to the Bank provision of section 29 of the Banking Regulation Act, 1949 and the circulars, guidelines and directions issued by Reserve Bank of India ("RBI") from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing

and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so. Those Charged with Governance are also responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Bank has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

The management of USFBL has carried out valuation of assets and determination of liabilities as on the appointed date of Amalgamation of erstwhile PMC bank with USFBL i.e 25th January 2022, on the basis of balance sheet as at 24th January, 2022 i.e as at the close of business on the date immediately preceding the appointed date i.e January 25, 2022 as per the scheme of amalgamation. The balance sheet as at 24th January, 2022 was audited by a firm of Chartered Accountants (auditor) approved by RBI and they have expressed qualified opinion vide their report dated 28th May, 2022. The management has taken cognizance of the matters of qualified opinion expressed by the said auditor and made adjustments in the valuation of assets and determination of liabilities as at the appointed date wherever required.

The financial statements of Centrum Financial Services Limited and Centrum MicroCredit Limited as at and for the period ended

31st October 2021, as considered for the purpose of determining the net assets acquired on slump sale basis (refer note 18(2)) from the said companies as on November 01, 2021, was certified by the statutory auditors of the respective companies.

Report on Other Legal and Regulatory Requirements

1. The Balance Sheet, the Profit and Loss Account and the Cash Flow statement for the year ended March 31, 2022 have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 read with the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014.
2. As required sub section (3) of section 30 of the Banking Regulation Act, 1949 and the appointment letter dated December 02, 2021, we report that:
 - a. We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit, and have found them to be satisfactory;
 - b. The transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - c. The financial accounting systems of the Bank are centralized and therefore, accounting returns for the purpose of preparing financial statements are not required to be submitted by its branches; we have visited 20 branches for the purpose of our audit.
3. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid financial statements comply with the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014 to the extent they are not inconsistent with the accounting policies prescribed by RBI;
 - e. On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Bank with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 1" to this report;
 - g. In our opinion, the entity being a banking company, the remuneration to the Interim CEO for the year ended March 31, 2022 has been paid by the Bank in accordance with the provisions of Section 35B (1) of the Banking Regulation Act, 1949; and
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Bank has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Schedule 12, and note 17 of schedule 18 of financial statements;
 - ii. The Bank has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Bank.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Bank to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Bank ("Ultimate Beneficiaries") or provide any

guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Bank from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Bank shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) In our opinion and based on the audit procedures, we have considered reasonable and appropriate in the circumstances; nothing has come to our

notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

- v. The Bank has not declared or paid any dividend during the year.

Annexure 1

to the Independent Auditor's Report of Even Date on the Financial Statements of Unity Small Finance Bank Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

To the Members of Unity Small Finance Bank Limited

We have audited the internal financial controls over financial reporting of Unity Small Finance Bank Limited (the "Bank") as of March 31, 2022 in conjunction with our audit of the financial statements of the Bank for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Bank's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those

Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and those receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

We are informed that the bank is in the process of upgradation and automation of the Core Banking Solutions. In our opinion, and to the best of our information and according to the explanations given to us, the Bank has, in all material respects, adequate

internal financial controls with reference to these financial statements and such internal financial controls with reference to these financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

SCHEDULE 17 - Significant Accounting Policies Forming Part of the Financial Statements

BACKGROUND

Unity Small Finance Bank Limited (the "Bank") is a private sector small finance bank incorporated on August 25, 2021 in New Delhi, India under the provisions of the Companies Act, 2013 and is licensed by the Reserve Bank of India (RBI) to operate as a Small Finance Bank under the Banking Regulation Act, 1949 vide licence dated October 12, 2021 and has commenced its business on November 1, 2021.

RBI on June 18, 2021, granted an in-principle approval to Centrum Financial Services Limited ("CFSL"), to establish a small finance bank in the private sector under Section 22 of the Banking Regulation Act, 1949. Pursuant to this, Unity Small Finance Bank Limited ("USFB/ the Bank") was incorporated by CFSL, on August 25, 2021. Further, RBI vide its letter dated October 12, 2021 granted the banking licence to USFB, to carry on the Small Finance Bank (SFB) business. USFB commenced its operations from November 1, 2021. In compliance with the conditions of RBI licence, the entire businesses, comprising of all the assets and liabilities, of CFSL and Centrum Microcredit Limited ("CML") (the two Non-Banking Finance Companies of the Centrum group) were transferred to USFB, as a going concern, by way of slump sale on November 1, 2021.

The Punjab and Maharashtra Co-operative Bank Limited has been amalgamated with the Bank pursuant to the Punjab and Maharashtra Co-operative Bank Limited (Amalgamation with Unity Small Finance Bank Limited) Scheme, 2022 notified by the Ministry of Finance, Department of Financial Services, Banking Division, Government of India on January 25, 2022 with effect from January 25, 2022.

BASIS OF PREPARATION

The financial statements have been prepared and presented under the historical cost convention and accrual basis of accounting, unless otherwise stated and are in accordance with Generally Accepted Accounting Principles in India ('GAAP'), statutory requirements prescribed under the Third Schedule of the Banking Regulation Act, 1949, circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time (RBI guidelines), Accounting Standards ('AS') specified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016, in so far as they apply to banks.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the management to make estimates and necessary assumptions in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses for the reporting period. Management believes that the estimates used in the preparation of the financial statements are prudent and

reasonable. Actual results could differ from these estimates. The impact of any accounting revision in these estimates is recognised prospectively from the period of change.

1. Significant Accounting Policies

A. Revenue recognition

- Interest income is recognised in the profit and loss account on an accrual basis. Except in case of non-performing assets (NPAs) where it is recognised upon realisation, as per the income recognition and asset classification and provisioning norms of RBI.
- Income from bill discounting is recognised over the tenure of the instrument so as to provide a constant periodic rate of return.
- Dividend income is accounted on an accrual basis when the Bank's right to receive the dividend is established.
- Profit/premium/loss realised at the time of securitisation of standard assets loan portfolio is reflected in the Profit & Loss account for the accounting period during which the sale is completed
- Income on discounted instruments is recognised over the tenure of the instrument on a straight line basis.
- Loan processing fees collected from the borrowers is recognised upfront when it becomes due.
- Fees paid/received for priority sector lending certificates (PSLC) is amortised on straight-line basis over the period of the certificate.
- All other fees are accounted for as and when they become due where the Bank is reasonably certain of ultimate collection

B. Investments

Investments are accounted for in accordance with the extant RBI guidelines on investment classification and valuation, as given below:

Classification:

In accordance with the RBI guidelines on investment classification and valuation, investments are classified on the date of purchase into "Held for Trading" ('HFT'), "Available for Sale" ('AFS') and "Held to Maturity" ('HTM') categories (hereinafter called "categories"). and subsequent shifting amongst categories is done in conformity with regulatory guidelines.

Under each of these categories, investments are further classified under six groups (hereinafter called "groups") - Government Securities, Other Approved Securities, Shares,

SCHEDULE 17 - Significant Accounting Policies Forming Part of the Financial Statements

Debentures and Bonds, Investments in Subsidiaries / Joint Ventures and Other Investments for the purposes of disclosure in the Balance Sheet.

The Bank follows Settlement date accounting for recording purchase and sale transactions in securities.

Basis of classification

Investments that the Bank intends to hold till maturity are categorised as "Held to Maturity (HTM)".

Investments that are held principally for resale within 90 days from the date of purchase are categorised as "Held for Trading (HFT)"

Investments, which are not classified in above two categories, are classified as "Available for Sale (AFS)"

Acquisition Cost

Costs, including brokerage and commission pertaining to investments paid at the time of acquisition and broken period interest (the amount of interest from the previous interest payment date till the date of purchase of instruments) on debt instruments, are charged to the profit and loss account.

Valuation of Investments

The valuation of investments is performed in accordance with the RBI guidelines as follows:

i) Investments classified as Held to Maturity

These are carried at their acquisition cost and not marked to market. Any premium on acquisition of debt instruments is amortised over the balance maturity of the security on a straight-line basis. Any diminution, other than temporary, in the value of such securities is provided.

ii) Investments classified as Available for Sale and Held for Trading

Investments classified under AFS and HFT categories are marked to market as per the RBI guidelines.

Net depreciation in the value, if any, compared to the acquisition cost, in any of the six groups, is charged to the Profit and Loss Account. The net appreciation, if any, in any of the six groups is not recognised except to the extent of depreciation already provided. The book value of individual securities is not changed after the valuation of investments.

iii) The market or fair value of quoted investments included in the 'AFS' and 'HFT' categories are measured with respect to the market price of the scrip as available from the trades or quotes on the stock exchanges, or

prices published by Financial Benchmark India Private Limited (FBIL).

iv) Treasury Bills, Commercial Paper and Certificate of Deposits being discounted instruments, are valued at carrying cost.

v) Market value of units of mutual funds is based on the latest net asset value declared by the mutual fund.

vi) Market value of investments for unquoted Non-SLR securities

a) In case of unquoted bonds, debentures, and preference shares where interest / dividend is received regularly (i.e., not overdue beyond 90 days), the market price is derived based on the Yield to Maturity for Government Securities as published by FBIL and suitably marked up for credit risk applicable to the credit rating of the instrument. The matrix for credit risk mark-up for each category and credit rating along with residual maturity issued by FBIL is adopted for this purpose;

b) In case of bonds and debentures (including Pass Through Certificates) where interest is not received regularly (i.e., overdue beyond 90 days), the valuation is in accordance with prudential norms for provisioning as prescribed by the RBI. Interest on such securities is not recognised in the Profit and Loss Account until received.

c) Equity shares, for which current quotations are not available or where the shares are not quoted on the stock exchanges, are valued at break-up value (without considering revaluation reserves, if any) which is ascertained from the company's latest Balance Sheet. In case the latest Balance Sheet is not available, the shares are valued at ₹ 1 per investee company.

Investment in Securities issued by Securitisation Company (SC)/ Reconstruction Company (RC):

At the end of each reporting period, security receipts issued by the asset reconstruction companies are valued in accordance with the guidelines applicable to such instruments, prescribed by RBI from time to time. Accordingly, in cases where the cash flows from security receipts issued by the asset reconstruction companies are limited to the actual realisation of the financial assets assigned to the instruments in the concerned scheme, the Bank reckons the net asset value obtained from the asset reconstruction company from time to time, for valuation of such investments at each reporting period end. The security receipts which are outstanding and not redeemed as at the end of the

SCHEDULE 17 - Significant Accounting Policies Forming Part of the Financial Statements

resolution period are treated as loss assets and are fully provided for.

Short Sale

The Bank undertakes short sale transactions in Central Government dated securities in accordance with RBI guidelines. The short position is categorised under HFT category and netted off from Investments in the Balance Sheet. The short position is marked to market and loss, if any, is charged to the Profit and Loss Account while gain, if any, is ignored. Gain or loss on settlement of the short position is recognised in the Profit and Loss Account.

Disposal of Investments

Profit / Loss on sale of investments under the aforesaid three categories is recognised in the Profit and Loss Account. Cost of investments is based on the weighted average cost method. The profit from sale of investment under HTM category, net of taxes and transfer to statutory reserve is appropriated from the Profit and Loss Account to "Capital Reserve" in accordance with the RBI Guidelines.

Repurchase and reverse repurchase transactions

In accordance with the RBI guidelines, repurchase (Repo) and reverse repurchase (Reverse Repo) transactions in government securities and corporate debt securities are reflected as borrowing and lending transactions respectively.

Borrowing cost on repo transactions is accounted for as interest expense and revenue on reverse repo transactions is accounted for as interest income.

C. Advances and Provisions thereon:

Based on the guidelines/ directives issued by the RBI, Loans or Advances are classified as performing and non-performing, as follows:

- i. Interest and/ or instalment of principal remains overdue for a period of more than 90 days in respect of term loan;
- ii. The account remains "out of order" in accordance with RBI direction in respect of an overdraft/Cash Credit (OD/CC)
- iii. The bill remains overdue for a period of more than 90 days in the case of bills purchased and discounted;
- iv. The amount of liquidity facility remains outstanding for more than 90 days, in respect of a securitisation

transaction undertaken in terms of the Reserve Bank of India (Securitisation of Standard Assets) Directions, 2021;

- v. In respect of derivative transactions, the overdue receivables representing positive mark-to-market value of a derivative contract, if these remain unpaid for a period of 90 days from the specified due date for payment.

NPAs are classified into Sub-Standard, Doubtful and Loss Assets, based on the following criteria stipulated by RBI:

- i. Sub-standard: A loan asset that has remained non-performing for a period less than or equal to 12 months.
- ii. Doubtful: A loan asset that has remained in the sub-standard category for a period of 12 months.
- iii. Loss: A loan asset where loss has been identified but the amount has not been fully written off.

Provisions are made for NPAs as per the extant guidelines prescribed by the regulatory authorities, subject to minimum provisions as prescribed below:

Substandard Assets:	<ol style="list-style-type: none"> i. A general provision of 15% on- the total outstanding; ii. Additional provision of 10% for exposures which are unsecured ab-initio (i.e. where realisable value of security is not more than 10 percent ab-initio); iii. Unsecured Exposure in respect of infrastructure advances where certain safeguards such as escrow accounts are available - 20%.
Doubtful Assets:	
- Secured portion:	<ol style="list-style-type: none"> i. Up to one year – 25% ii. One to three years – 40% iii. More than three years – 100%
- Unsecured portion	100%
Loss Assets:	100%.

Advances are net of specific loan loss provisions, interest in suspense for non-performing advances, bills rediscounted and provisions in lieu of diminution in the fair value of restructured assets.

The Bank considers a restructured account as one where the Bank, for economic or legal reasons relating to the borrower's financial difficulty, grants to the borrower concessions that the Bank would not otherwise consider. Restructuring would normally involve modification of terms

SCHEDULE 17 - Significant Accounting Policies Forming Part of the Financial Statements

of the advance / securities, which would generally include, among others, alteration of repayment period / repayable amount / the amount of instalments / rate of interest (due to reasons other than competitive reasons). Restructured accounts are classified as such by the Bank only upon approval and implementation of the restructuring package. Necessary provision for diminution in the fair value of a restructured account is made.

Amounts recovered against debts written off in earlier years are recognised in the profit and loss account in the year of recovery.

In addition to the specific provision on NPAs, general provisions are also made for standard assets as per extant RBI Guidelines. These provisions are reflected in Schedule 5 of the Balance Sheet under the head "Other Liabilities & Provisions – Others" and are not considered for arriving at the Net NPAs.

D. Priority Sector Lending Certificate (PSLC)

The Bank enters into transactions for the sale or purchase of Priority Sector Lending Certificates (PSLCs). In the case of a sale transaction, the Bank sells the fulfilment of priority sector obligation and in the case of a purchase transaction the Bank buys the fulfilment of priority sector obligation through the RBI trading platform. There is no transfer of risks or loan assets. The fee received for the sale of PSLCs is recorded as Other Income and the fee paid for purchase of the PSLCs is recorded as other Expenditure in Profit and Loss Account. These are amortised over the period of the Certificate.

E. Fixed assets and Depreciation

Fixed assets are stated at cost less accumulated depreciation as adjusted for impairment, if any. Cost includes cost of purchase and all expenditure like site preparation, installation costs and professional fees incurred on the asset before it is ready to use. Subsequent expenditure incurred on assets put to use is capitalised only when it increases the future benefit / functioning capability from / of such assets. Depreciation is charged over the estimated useful life of the fixed asset as per Part C of Schedule II to the Companies Act, 2013, on a straight-line basis.

Assets	Estimated useful life specified under schedule II of Companies Act, 2013
Owned Premises	60 years
Computer	3 years
Furniture and fittings	10 years
Motor Vehicles	8 years
Office Equipment	5 years
Server	6 years

Improvements to lease hold premises are charged off over the remaining primary period of lease.

For assets purchased and sold during the year, depreciation is provided on pro- rata basis

Whenever there is a revision of the estimated useful life of an asset, the unamortised depreciable amount is charged over the revised remaining useful life of the said asset.

Profit on sale of immoveable property net of taxed and transfer to statutory reserve, are transferred to capital reserve account.

Assets less than INR 5,000 individually, are fully depreciated in the year of purchase.

F. Employee Stock Compensation Cost

Employees (including senior executives) of the Bank receive remuneration in the form of share-based payment transactions, whereby employees render services as consideration for equity instruments (equity settled transactions). In accordance with the Guidance Note on Accounting for Employee Share-based Payments, issued by the ICAI, the cost of equity-settled transaction is measured using the fair value method and recognised, together with a corresponding increase in the "Employees Stock options outstanding account" in reserves. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Bank's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognised in the Profit and Loss Account for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

G. Foreign exchange transaction

Transactions in foreign currencies entered into by the Bank are accounted at the exchange rates on the date of the transaction.

SCHEDULE 17 - Significant Accounting Policies Forming Part of the Financial Statements**Measurement at the Balance Sheet date**

Foreign currency monetary items, if any, of the Bank, outstanding at the balance sheet date are restated at the rates prevailing at the period-end as notified by Foreign Exchange Dealers Association of India ('FEDAI'). Non-monetary items of the Bank are carried at historical cost.

Treatment of Exchange differences

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the Bank are recognised in the Profit and Loss Account.

H. Lease**Operating Leases**

Leases where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term is classified as operating leases. Operating lease rentals are recognised as an expense on straight-line basis over the lease period in accordance with the AS 19, Leases.

I. Taxes on Income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable Income tax laws.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date.

Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Bank has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

J. Impairment of Assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. Impairment loss, if any, is provided in the Profit and Loss Account to the extent carrying amount of assets exceeds their estimated recoverable amount.

K. Accounting for Provision, Contingent assets and Contingent liabilities

In conformity with AS 29, "Provisions, Contingent Liabilities and Contingent Assets", issued by the Institute of Chartered Accountants of India, the Bank recognises provisions only when it has a present obligation as a result of a past event, and would result in a probable outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount of the obligation can be made.

No provision is recognised for:

- i. any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank; or
- ii. any present obligation that arises from past events but is not recognised because:
 - a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - b) a reliable estimate of the amount of obligation cannot be made.

Such obligations are recorded as Contingent Liabilities. These are assessed at regular intervals and only that part of the obligation for which an outflow of resources embodying economic benefits is probable, is provided for, except in the extremely rare circumstances where no reliable estimate can be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

L. Derivatives

The Bank recognises all derivative contracts (other than those designated as hedges) at fair value, on the date on which the derivative contracts are entered into and are re-measured at fair value as at the Balance Sheet or reporting dates.

SCHEDULE 17 - Significant Accounting Policies Forming Part of the Financial Statements

Derivatives are classified as assets when the fair value is positive (positive marked to market value) or as liabilities when the fair value is negative (negative marked to market value). Changes in the fair value of derivatives other than those designated as hedges are recognised in the Profit and Loss account.

M Employee benefits

Defined Contribution Plan

Provident Fund

The Bank makes specified monthly contribution towards employee provident fund to Government administered provident fund scheme, which is a defined contribution scheme. The Bank's contribution is recognised as an expense in Profit and loss account during the period in which the employee renders the related service.

Defined Benefit Plan

Gratuity

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation carried out by an independent actuary using Projected Unit Credit Method made at the end of the period. The Company makes contribution to a scheme administered by an Insurance Company approved by the Insurance Regulatory and Development Authority of India (IRDAI) to discharge the gratuity liability to the employees. Provisions made for the funded amount are expensed in the statement of profit and loss.

Compensated Absences

The Bank accrues the liability for compensated absences based on the actuarial valuation as at the period end conducted by an independent actuary which includes assumptions about demographics, early retirement, salary increases, interest rates and leave utilisation. The net present value of the Banks' obligation is determined using the Projected Unit Credit Method as at the period end. Actuarial gains / losses are recognised in the Profit and Loss Account in the period in which they arise.

N. Borrowing Cost

Borrowing cost includes arranger fees, processing fees, stamp duty on issuance of debenture certificates and other associated transaction cost related to borrowing from banks and other financial institutions. In accordance with Accounting Standard 16, borrowing costs are recognised over the tenor of the borrowings.

O. Cash and cash Equivalents

Cash and cash equivalents include Cash and Balances with RBI, Balances with Banks and money at call and short notice.

P. Earnings per Share

Basic and diluted earnings per share is computed in accordance with Accounting Standard-20 – Earnings per share. Basic earnings per share is calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Q. Segment Reporting

The disclosures relating to segment reporting is done in accordance with AS 17 "Segment Reporting" and as per guidelines issued by the RBI.

R. Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows.

S. Corporate Social Responsibility

Expenditure towards corporate social responsibility in accordance with Companies Act, 2013 is recognised in the profit and loss account.

Balances with Banks and money at call and short notice	121
Investments	2,523
Advances	626
Fixed Assets	259
Other Assets	119
Deferred Tax asset on provision for doubtful advances (Refer note (e) below)	730
Total Assets (I)	4,822
Liabilities	
Deposits	-
Borrowings	149
Other liabilities and provisions	745
Restructured liabilities towards depositors liabilities	2,957
Issue of equity warrants and PNCPS towards depositors liabilities	686
Total Liabilities (II)	4,537
Net Assets (III) = (II) - (I)	285
Purchase consideration [IV]	-
Capital Reserve on Amalgamation [IV] - [III]	285

Note:

- The USFB scrutinised advances portfolio and considered additional provisioning, on a conservative basis, on advances over and above the provisions as per audited balance sheet as at 24th January 2022 referred to hereinabove in respect of standard assets, taking into account the possibility of additional accounts which may have to be classified as NPA, as the process of identification of NPA in the erstwhile PMC Bank was manual.
- The Bank has made adjustments in the carrying value of land and building as at the appointed date taking into account the valuation report obtained from approved valuer.
- The Bank has reckoned additional liabilities as at the appointed date based on its assessment.
- Other Assets include refund amount of ₹ 28 crores due from income tax department in respect of various assessment years of erstwhile PMC Bank. The said amount has been arrived at based on the assessment of the Bank that it is reasonably certain that it is recoverable.
- Deferred tax asset as at the appointed date has been recognised for the tax effect on provision for doubtful advances to the extent that it is reasonably certain that sufficient future taxable income will be available against which the said deferred tax asset can be realised. The erstwhile PMC Bank had not recognised Deferred Tax Asset on the same based on its own assessment.

SCHEDULE 18 - Notes Forming Part of the Financial Statements for the year ended March 31, 2022

(All amounts are in Indian Rupees in crore unless otherwise stated)

However, Deferred tax asset has not been recognised for the tax effect on accumulated loss pertaining to erstwhile PMC Bank for the assessment years upto AY 2021-22 considering that admissibility of these losses for set offs is yet to be clearly established and also considering that assessments of erstwhile PMC for certain years have not yet been completed.

- vi) The Bank has time up to 20 years from the appointed date, to repay the amount received from Deposit Insurance and Credit Guarantee Corporation (DICGC) towards payment to the insured depositors, which can be done in one instalment or in several instalments. The Bank has created a specific DICGC payable account in its books wherein the liability will accrue on a yearly basis, until 20 years, for the purpose of discharging its liability towards DICGC in accordance with the provisions of the Scheme.

(b) Title deeds of immovable properties and physical verification of fixed assets

- i) The Bank has carried out physical verification of fixed assets of all the branches of erstwhile PMC Bank. Physical verification of Fixed Assets of Central Office of the erstwhile PMC Bank at Dreams Mall – Bhandup could not be carried out due to major Fire which occurred on 25th March 2021 at the said premises, and the entry to the mall is restricted.
- ii) The Bank has obtained the title deeds of all the immovable properties of erstwhile PMC Bank, except for few premises, the title deeds of which are being traced. The Bank is also in the process of getting these title deeds transferred in its name. Registration formalities/ obtaining occupancy certificate etc. are pending in respect of certain Land and building.

(c) Fraud in erstwhile PMC Bank and disputes relating to erstwhile PMC Bank and the Scheme of Amalgamation.

- i) Certain instances of fraud by Housing Development and Infrastructure Limited (HDIL) and its group companies in the erstwhile PMC Bank were detected in September 2019 and the said PMC Bank was placed under All Inclusive Directions (AID). The Bank has made full provision in respect of the advances given to HDIL by erstwhile PMC Bank.
- ii) Public interest Litigation has also been filed against promoters of HDIL and erstwhile PMC Bank for taking criminal/civil action. There are certain legal cases filed against the erstwhile PMC Bank for release of mortgage of the properties held by the Bank and also for certain other claims against the said PMC Bank. The Bank has analysed these cases and does not expect any liability in this regard.
- iii) Some of the depositors of erstwhile PMC have filed writ petition/public interest litigation against the said Bank and others for protecting the interest of depositors and for repayment of the deposits along with interest in full and also against the scheme of amalgamation. Some of the creditors have filed cases against the said PMC Bank for recovering their dues. As per the Scheme of Amalgamation referred to in note 18 (1) (a) depositor or creditor of the transferor Bank shall be entitled to make any demand against the erstwhile PMC Bank or the Bank (USFBL) in respect of any liability of the transferor Bank to the depositor/creditor except to the extent specified by the Scheme referred to hereinabove. Accordingly, the Bank is of the opinion that the said claims of depositors or creditors of erstwhile PMC would not result in outflow of resources beyond the amount to which the Bank is liable as per the said Scheme.

(d) Automation of IT system

The erstwhile PMC's Core Banking Solutions (CBS) was not automated fully and the computation of DPD, asset classification and interest capitalisation were being done manually, the Bank is intending to take steps in the future for upgradation and automation of existing system and also integrating the system being used by NBFCs which were acquired on slump sale basis with the CBS system after upgradation and automation. In case of advances pertaining to erstwhile PMC, the management has made provision based on detailed analysis of various portfolios of such advances and does not expect any additional provisioning on this account.

SCHEDULE 18 - Notes Forming Part of the Financial Statements for the year ended March 31, 2022

(All amounts are in Indian Rupees in crore unless otherwise stated)

(e) Internal/concurrent audit/System audit

The Bank has initiated the process of conducting the internal/concurrent audit of operations of erstwhile PMC Bank by an external auditor. The same is in progress. The Bank will be carrying out System / EDP audit as required under RBI guidelines for reviewing various IT controls in the future after upgradation/ integration of various systems.

(f) Transfer to Deposit Education and Awareness Fund (DEAF) by erstwhile PMC Bank

Since the erstwhile PMC Bank was placed under AID, unclaimed amounts could not be transferred to DEAF by erstwhile PMC Bank. USFB, vide email dated April 29, 2022, had requested few clarifications from RBI- DEAF section, Department of Regulation. The clarifications are awaited. Upon receipt of clarifications, the Bank shall take steps to identify such unclaimed amounts and accordingly transfer the amounts to DEAF.

(g) Relaxations/forbearances granted by RBI

- i) Reserve Bank of India vide its letter dated October 12, 2021 has granted the relaxation/forbearances to the Bank giving additional time of 3 years over and above the period prescribed by RBI in the Guidelines for 'on tap' Licensing of Small Finance Banks in the Private Sector dated December 5, 2019 ("SFB guidelines -2019") to comply with the following provisions:
 - a) Achievement of Priority Sector lending target of 75% of Adjusted Net Bank Credit
 - b) Requirement of at least 50% of loan portfolio to constitute loans and advances of upto ₹ 25 lacs and
 - c) Adherence to Exposure limit to single and group obligor for loans acquired from CFSL / CML / erstwhile PMC.
- ii) RBI vide its letter dated March 10, 2022 and through subsequent communication has permitted/given the following clarifications:
 - a) Equity warrants may be included in the common equity
 - b) Bank is permitted to treat payables to retail depositors of PMC Bank (more than 15 lacs) to be repaid at the end of 10 years as Tier II Bonds ("10 year Retail Payables") for the purpose of CRAR calculations.
 - c) Certain restructured liabilities i.e. Perpetual Non-Cumulative Preference Shares ("PNCPS") is proposed to be a Basel III instrument. Since, the said instrument is issued pursuant to the Central Government notified scheme ("the Scheme"), to the extent there is any inconsistency, discrepancy or deviation with the applicable law, the provisions of the Scheme shall prevail.
 - d) The restructured liabilities i.e. such as Perpetual Non-Cumulative Preference Shares (PNCPS), equity warrants, DICGC 10 years retail payable (allowed to be treated as Tier II capital) may not be included in the Net demand and time liabilities. Further, the deposits that the Bank needs to pay within the span of 5 years (excluding the deposits payable by DICGC) will come under the definition of deposits and attract CRR/SLR requirements.
 - e) The Bank is permitted to grandfather the existing contracts in respect of foreign exchange business with customers of erstwhile PMC Bank.
- iii) RBI vide its letter dated May 18, 2022 has permitted the Bank to include the fair value of the DICGC and PNCPS liability in CET -1 Capital till the Bank lists itself.
- iv) The Bank is carrying 'The principal protected secured redeemable non-convertible market linked debentures (MLDs) and the Non-Convertible Debentures (NCD) issued by the Centrum Financial Services Limited (CFSL), a NBFC from whom the business was acquired on Slump sale basis. The MLDs are fully secured by a first pari-pasu charge over the specified immovable property wherever applicable and present and future book debts, investments & receivables of the Bank. The NCDs are fully secured by first ranking pari passu charge against the Bank's identified receivables.

Banks are precluded from creating floating charge on their assets. Since such borrowings have been acquired from CFSL (an NBFC) by the Bank (SFB), in terms of SFB guidelines -2019 issued by RBI, the grandfathering of the aforesaid borrowings has been permitted till their maturity.

SCHEDULE 18 - Notes Forming Part of the Financial Statements for the year ended March 31, 2022

(All amounts are in Indian Rupees in crore unless otherwise stated)

(h) Reconciliation of office accounts

15 LIQUIDITY COVERAGE RATIO (%)		781.01		977.27

Quantitative information on Liquidity Coverage Ratio (LCR) is given below:

The LCR is designed to ensure that banks hold a sufficient reserve of high-quality liquid assets (HQLA) to allow them to survive a period of significant liquidity stress lasting 30 calendar days. The 30-calendar-day stress period is the minimum period deemed necessary for corrective action to be taken by the bank's management or by supervisors. The LCR requires active banks to hold a stock of HQLA at least as large as expected total net cash outflows over the stress period, as summarised in the following formula

$$\frac{\text{Stock of HQLA}}{\text{Total Net cash flows over the next 30 calendar days}} \geq 100\%$$

The total expected outflows are determined by multiplying the outstanding balances of various categories of liabilities and off-balance sheet commitments by the supervisory rates at which they are expected to run off or be drawn down. Total expected cash inflows are estimated by applying inflow rates to the outstanding balances of various contractual receivables. The difference between the stressed outflows and inflows is the minimum size of the HQLA stock.

HQLA are cash or assets that can be converted into cash quickly through sales (or by being pledged as collateral) with no significant loss of value. A liquid asset can be included in the stock of HQLA if it is unencumbered, meets minimum liquidity criteria and its operational factors demonstrate that it can be disposed of to generate liquidity when needed. HQLA comprises of cash in hand, excess CRR, excess SLR securities, maximum liquidity facility allowed by RBI under marginal standing facility (MSF – 2% of NDTL) and Facility to Avail Liquidity for Liquidity Coverage Ratio (FALLCR – 16% of NDTL).

The Bank continues to maintain high HQLA due to excess liquidity resulting from inflow of DICGC deposits which fall under 5% outflow category. Bank's LCR will steadily normalize with growing business requirements, repayment of outstanding borrowings and outflow of DICGC deposits

32 Net Stable Funding Ratio (%)					317.16					142.67

"The Net Stable Funding Ratio (NSFR) and Liquidity Coverage Ratio (LCR) are significant components of the Basel III reforms. The LCR promotes short term resilience of a bank's liquidity profile. The NSFR on the other hand ensures reduction in funding risk over a longer time horizon by requiring banks to fund their activities with sufficiently stable sources of funding in order to mitigate the risk of future funding stress.

The objective of NSFR is to ensure that banks maintain a stable funding profile in relation to the composition of their assets and off-balance sheet activities. A sustainable funding structure is intended to reduce the probability of erosion of a bank's liquidity position due to disruptions in a bank's regular sources of funding that would increase the risk of its failure and potentially lead to broader systemic stress. The NSFR limits overreliance on short-term wholesale funding, encourages better assessment of funding risk across all on- and off-balance sheet items, and promotes funding stability."

NSFR = Available stable Funding (ASF) ≥ 100%
Required stable Funding (RSF)

The NSFR is defined as the amount of available stable funding relative to the amount of required stable funding. "Available stable funding" (ASF) is defined as the portion of capital and liabilities expected to be reliable over the time horizon considered by the NSFR, which extends to one year. The amount of stable funding required ("Required stable funding") (RSF) of a specific institution is a function of the liquidity characteristics and residual maturities of the various assets held by that institution as well as those of its off-balance sheet (OBS) exposures.

The Bank maintained a comfortable NSFR of 317.16% for year ending March 31, 2022

The Composition of NRC committee is as follow:

Sr. No	Name	Designation
1	Sandip Ghose	Independent Director (Chairman)
2	Subhash Kutte	Independent Director
3	Renu Basu	Independent Director

(b) Information relating to the design and structure of remuneration processes and the key features and objectives of remuneration policy.

The Bank's Remuneration Policy (the 'Policy') is aligned to business strategy, market dynamics, internal characteristics and complexities within the Bank. The ultimate objective of the Policy is to provide a fair and transparent structure that helps in acquiring and retaining the talent pool critical to build competitive advantage and brand equity. The Policy has been designed basis the principles for sound compensation practices in accordance with regulatory requirements and provides a framework to create, modify and maintain appropriate compensation programs and processes with adequate supervision and control.

The Remuneration Policy is designed and structured in a way that it ensures that the compensation is reasonable, taking into account all relevant factors including industry practice with a mix of fixed and variable component.

(c) Description of the ways in which current and future risks are taken into account in the remuneration processes. It should include the nature and type of the key measures used to take account of these risks.

The Bank takes into account various types of risks in its remuneration processes. The Bank follows a comprehensive framework that includes within its ambit the key dimensions of remuneration such as fixed pay & variable pay

The Bank has devised appropriate malus and claw back clauses as a risk mitigant for any negative contributions of the Bank and / or relevant line of business in any year for Whole Time Directors and employees in certain grades. Under the malus clause the incumbent foregoes the vesting of the deferred variable pay in full or in part. Under the claw back clause the incumbent is obligated to return all the tranches of bonus payout pertaining to the reference performance year. The deferred bonus is paid out post review and approval by the NRC.

(d) Description of the ways in which the bank seeks to link performance during a performance measurement period with levels of remuneration.

The Bank has a robust performance management system for evaluating the performance of its employees. The performance appraisal system is based on qualitative as well as quantitative factors of performance. The main performance metrics include profitability, business growth, compliance, and customer service. The assessment of employees shall be based on their performance with respect to their result areas.

15 Disclosures on remuneration

- (e) A discussion of the bank's policy on deferral and vesting of variable remuneration and a discussion of the bank's policy and criteria for adjusting deferred remuneration before vesting and after vesting.

For MRTs, KMPs and SMPs the cash component of the variable pay has been paid in 2 tranches. 50% of the cash component of the variable Pay has been deferred by 6 months. We are yet to introduce the ESOP program

- (f) Description of the different forms of variable remuneration (i.e., cash and types of share-linked instruments) that the bank utilizes and the rationale for using these different forms.

The Bank recognises the importance of variable pay in reinforcing a pay for performance culture. Variable pay stimulates employees to stretch their abilities to exceed expectations.

Annual Performance Bonus: These are paid to reward performance for a given financial year. This covers all employees. This is based on performance of the business unit, performance rating, job band and functional category of the individual. The Bank currently does not have any share linked instruments. However, in future if bank decides to include such instruments as a component of variable pay, the same would be framed by the bank in conformity with relevant statutory provisions. Share-linked instruments would be fair market value on the date of grant by the bank.

21 Segment Reporting

Business segments have been identified and reported taking into account, the customer profile, the nature of products and services, the differing risks and returns, the organisation structure and the guidelines prescribed by RBI. The Bank operates in the following segments:

a) Treasury

Treasury performs liquidity management activities for various business segments. Transfer pricing is based on internally approved yield curve or at an agreed transfer rate on the funding provided by treasury to another business segment.

b) Retail banking

The retail banking segment serves retail customers through a branch network. Exposures are classified under retail banking taking into account the status of the borrower (orientation criterion), the nature of product, granularity of the exposure and the quantum thereof.

Revenues of the retail banking segment are primarily derived from interest and fees earned on retail loans, interest on deposits placed as collateral with the Bank. Expenses of this segment primarily comprise interest expense on borrowings, deposits, infrastructure and premises expenses for operating the branch network, personnel costs and other direct overheads.

c) Wholesale banking

Wholesale banking includes all advances to borrowers, which are not included under Retail banking. Revenues of the wholesale banking segment consist of interest and fees on loans made to customers.

d) Other Banking Operation

Other Banking includes other items not attributable to any particular business segment. This segment includes income from para banking activities such as distribution of third party product and the associated costs.

e) Unallocated

All items which are reckoned at an enterprise level are classified under this segment. This includes other unallocable assets and liabilities such as deferred tax etc.

f) Geographical Segments

The business operations of the Bank are concentrated in India hence the Bank is considered to operate only in domestic segment.
